Instructions For Ordering Additional Reprint(s) / Enlargement(s)

- ❶ Enter your name and address.
- ❷ Enter a day and night phone number where you can be reached.
- ❸ Enter the picture identity number of each picture you wish to order. Make sure it corresponds to the proofs.
- ❹ Enter a description of the picture. This is optional - used only to verify the picture ID number.
- ❺ Enter the quantity of each size you want (*When ordering 8x10's, 1/2 inch of the 3 1/2 x 5 proof will be lost (3 1/2 x 4 1/2). If this is not acceptable, order a 7x10 instead.*)
- ❻ Add across all the specific size quantities. This total will be used in ❼ as a cross-check.
- ❼ Add down all the specific size quantities and the total. The results should add across.
- ❽ Compute the **Total Cost For Each Size** by multiplying the **Total Quantity** for each size by the **"Standard Print Cost"** Or the **"Custom Print Cost"** for each size. Then add across to compute the **Total Cost For All Sizes** (\$115.00 in this example).
- ❾ Please number your order form: 1 of 1, 1 of 2, 2 of 2...etc.
- ❿ Please return this order form and payment (*cash or check payable to Postilion-Kiner Photography*) to the Bride. She will contact you when your pictures are ready.
